POUCHES

## THERMALLY CONDITION YOUR PRODUCT

Adaptek pouches protect your brand with precise thermal control, so you can transport your product safely and securely. Knowing the integrity of your product is safe guarantees quality and provides satisfaction to the end-user.

Temperature variation presents a problem when you need to ensure your product is traveling safely from one destination to another. Whether your logistics method includes shipping or an in-person delivery, adaptek pouches will protect your valuable goods from critical temperatures. Simply choose the size and temperature of your pouch, place it in your package and ship to your customer worry-free.

### BENEFITS INCLUDE

- Reduced condensation
- Means of insulation
- Flexible in form
- Ability to recycle and use many times
- Customizable in temperature and size

*Contact us for custom and other available sizes*

Adaptek pouches provide a means of stabilizing temperature at a specific threshold. While ice can keep your product cool, it provides complex issues of condensation and freezing temperature.

The customizable options allow adaptek pouches to maintain a set temperature, longer with minimal cost of implementation. Adaptek can be reused multiple times allowing for an affordable, recyclable option for your storage and shipping needs.

**Provide confidence to your customer and protect your brand by ensuring your product arrives safely.**
